Dear «*FirstName*»:

Congratulations! Welcome to the Michigan IDA Program! You have made a decision to take control of your financial future and build a strong economic foundation for your family and you.

You are part of a nationwide movement of people that have opened Individual Development Accounts (IDAs) to buy a home, start or expand a business or obtain higher education or training. And in addition to receiving match dollars, you get free training counseling and education in financial management and other subjects to help you reach your savings goal.

The next step is to attend a financial management workshop:

Date:
Location:
Time:

We've lined up a terrific workshop that will be educational and fun!

As you know, taking this workshop is a requirement of the Michigan IDA Program. But if for some reason you have a problem in attending the workshop, please call us right away so we can discuss another option.

Again, congratulations on your decision to become part of the Michigan IDA Program Team. We look forward to working with you!

Sincerely,
